My Healthy Tuesdays 2nd Tuesday of the month, by appointment

DID YOU KNOW.....................

In Nebraska, very few single men attempted to operate a farm or ranch; farmers clearly understood the need for a hard-working wife, and numerous children, to handle the many chores, including child-rearing, feeding and clothing the family, managing the housework, feeding the hired hands, and, especially after the 1930s, handling the paperwork and financial details.[33] During the early years of settlement in the late 19th century, farm women played an integral role in assuring family survival by working outdoors. After a generation or so, women increasingly left the fields, thus redefining their roles within the family. New conveniences such as sewing and washing machines encouraged women to turn to domestic roles. The scientific housekeeping movement, promoted across the land by the media and government extension agents, as well as county fairs which featured achievements in home cookery and canning, advice columns for women in the farm papers, and home economics courses in the schools.[34]

Although the eastern image of farm life in the prairies emphasizes the isolation of the lonely farmer and farm life, in reality rural Nebraskans created a rich social life for themselves. They often sponsored activities that combined work, food, and entertainment such as barn raisings, corn huskings, quilting bees,[35] Grange meeting, church activities, and school functions. The womenfolk organized shared meals and potluck events, as well as extended visits between families.[36]

Twas was SOS Day

Twas the day of SOS. Karon (With an o) had opened the door, and here they came.

There's Judy, and Jan and even Pam. What happened to Jonee someone asked. She took a tumble,. But now she's back— and there she is...Here comes Joyce, and Lisa and Merrel (not Streep) but Merrel “da” man. Then there's Lela and Karen (wit an e). Here is ___________. She's a “new be” you see. Our leader is Donna. And she knows this program from A to Z.....

.She begins her command, “Touch your fingers” Now touch your toes. Flex those heels. Turn your head to the right. Look up. See the bugs in the light? Then do it all again. We're confused? Is it to the left or to the right?

Calmly she says to march in place...Swing those arms, stomp those feet. At this rate we'll never, ever win a race!

Put on those bands and lift those weights. Kick to the left and then kick to the right. Kick out straight This Donna, she figures we ain't very bright. We don't even know one left from our right!

We try to balance on one foot and then the other This isn't so easy, we holler.. It certainly isn't working! Let's try another.

Our leader commands us, “to the wall you must go. Crawl up with your fingers and push away all! Now! Touch your nose to the wall” she screams. Whaaaat! we knew it was true cause we were all turning blue!

“Back to your seats” she orders . [Make a sad face.] Now a happy one, too... How about exercising your tongue. It's good for you”. Good Grief! Donna's gone completely berserk! What have we done to deserve this?

Thank goodness] it's eleven o'clock and Lisa, cups of coffee she is pouring..

“Give yourself a HUG and a PAT on the back” for a job well done” our illustrious leader did say. Whew! We guess now she's OK!

Now you're the bestest bunch of SOSers (Strengthen Our Selves) I know! Tuesday and Thursday 10:30 til 11:00 is the date and time. Not to worry. You'll do just fine!

We're not crazy like this---- just all of the time!

With apologies to Clement Clark Moore

VETERAN’S DAY
NOVEMBER 11, 2021
On November 11, 2021 three local Veteran’s spent the afternoon at the Wauneta Attendance Center, they were Dallis Breese, Dennis Egle, and Dennis Pfeiffer. With the help of Mr. Pritchard, they talked about their time in the service of their country and also giving the students time to ask questions. They spent time with the 6th, 7th and 8th grades for about 45 minutes and then followed up with the High School students.

The students showed much interest in what was talked about and thanked the Veteran’s for their service for their country.

These three Veteran’s wish to thank the school for allowing them to talk to the student’s and teachers. These Veteran’s felt that this project was a success and hope to continue this project in the coming years.

If you are a Veteran and live in the Wauneta area, we are interested in hearing from you. Please contact Dennis Pfeiffer at 308-883-1849 or 308-883-5494 or 308-394-5494. Please leave a message. We want to hear from you!

Christmas

Christmas is the best time of the year for some people. On Christmas Eve some families have the tradition of opening one gift and baking Santa cookies. Other popular traditions are to watch Christmas movies, drink hot chocolate, and go to annual Christmas Eve church services. Another tradition is to tour Christmas lights. In some towns, they have contests about who has the most decorations.

The Winter Season

Winter is not the most popular season because it is cold, but it is fun. The Winter season starts on Tuesday, December 21st, 2021 and ends on Sunday, March 20th, 2022. Winter is the coldest season of the year. It occurs after Autumn and before Spring each year. Winter is caused by the axis moving away from the sun. You should have noticed by now that the nights are longer in the Winter. I hope you enjoy bundling up cause it is going to get cold. I hope you stay warm!

Students of the Month

Jackson Ramirez is a hard worker and an awesome friend to many. That just scratches the surface of this Kindergarten boy. He’s a leader and a helper. He always has a good attitude and is very respectful to others. Most of all, Jackson always has a big smile on his face. That is why he was chosen for the K-2nd grade Student of the Month. Great job Jackson!

Marlee Kramer is the 3rd-5th grade student of the month! She is a 4th grader. The teachers have seen bright smiles when they teach her. Marlee works very hard in class and is a great listener. She is a very responsible and creative girl. She is sweet to everyone and has a lot of confidence. Great job Marlee!

Class Spot Light- 3rd Grade

The 3rd grade class has some class pets, they are ants. The fun things they have been making are snowflakes and painting with watercolors to make turkeys. The 3rd grade class was excited for their party that they earned in November. They are getting their black belts by passing their division and multiplication facts. Their class is reading the book A Wrinkle In Time. The things they are learning about are ants and clouds in science. If the 3rd graders could pick a favorite subject it would be either math, science, or history.
WAUNETA COMMUNITY FOUNDATION

Donations Received, Funds Awarded by Local Foundation

The Wauneta Community Fund – an affiliated fund with the Nebraska Community Foundation – would like to recognize several donors who made significant contributions in 2020 and 2021: Dixi Travis-Wellman, State Farm Employer Match and Rick Keiser/Frenchman Valley Coop made donations of $1,000. Memorial gifts were also received in memory of Jack Maddux and Delores Taylor. Numerous other small gifts of time, talent and donated expenses were also received. A big Thank You goes out to our Wauneta Community Fund/Nebraska Community Foundation supporters!

While the main focus of the WCF this past decade has been the Wauneta Medical Clinic, the WCF Board is becoming active again and is exploring ways to support our local community. In recent years the WCF has provided funding for the main street banners recognizing our Wauneta-Palisade High School Seniors along with helping to sponsor the Cattlemen’s Ball held outside of Wauneta in 2019.

In recent months the WCF voted to allocate funds to help replace exterior doors at the Wauneta Community Building and is exploring ways to help raise money for needed repairs at the Wauneta Care and Therapy Center which include an ambitious and costly project to replace the existing HVAC system.

If you would like to find out more about the Wauneta Community Fund/Nebraska Community Foundation or are interested in contributing you can contact Tina Kitt or Evelyn Skelton or go online to https://link.edgepilot.com/s/f3a1a8cf/PxRU0xI7LkaqI0WTzcG5Pg?u=http://www.nebcommfound.org/.

Five to Thrive Campaign Launched Statewide

The Nebraska Community Foundation (NCF) recently launched a Five to Thrive campaign in response to the significant transfer of generational wealth now taking place across Nebraska. “If you gave a small part of your wealth back, there would be more money to invest in the economic development of your family’s future town. We can teach, encourage, and inspire future generations to give back and it starts with you — it starts with 5%. Invest in a community that has invested in you by leaving 5 to thrive today.”

NCF recently announced the findings of its 2021 Nebraska Transfer of Wealth Study, documenting more than $100 billion in Nebraska wealth passing from one generation to another over the next 10 years. Over 50 years, the figure swells to $950 billion.

There is always a transfer from generation to generation, as parents pass away and leave their estates to their children. But if the heirs no longer live where they grew up, those critical resources leave as well. Importantly, many Nebraska counties are approaching or are already in the midst of their peak transfer years. The Transfer of Wealth Study illustrates the real urgency to act now. The unveiling of the study findings also marks the beginning of NCF’s Five to Thrive campaign, which urges Nebraskans to consider leaving 5% of their estate to their hometown. Giving just 5% to local charitable causes would amount to more than $5 billion in the next decade – and $47.5 billion over the next half-century.

A detailed, interactive map on NCF’s website, https://link.edgepilot.com/s/7a69d35b/PWUE6j8y0SpStfLFrYgDA?u=http://www.fivetothrive.ne.org/, breaks down the potential transfer amounts by county and includes information on confirmed planned gifts, total endowed assets, community success stories and more. A toolkit will help NCF affiliated funds make the most of this auspicious moment.
“If just 5% of the transfer of wealth were endowed, think of the impact that kind of money could have on education, health, prosperity and quality of life,” said NCF President and CEO Jeff Yost. “Think of how it could contribute to a community's ability to attract quality talent and young families. Harnessing just a small percentage could be a game changer for the future of our hometowns.”

If you love the community you call home, this is your opportunity to enrich its future. When you leave 5% of your wealth to your county, you help ensure your family’s legacy and your community’s future.
