**DID YOU KNOW………………..**

Bubble wrap was originally invented as wallpaper.

Engineer **Al Fielding** and Swiss inventor **Marc Chavannes** probably didn't consider that when, in 1957, they **invented bubble wrap** while trying to create a textured wallpaper by sealing two shower curtains together to trap air bubbles.

**Mercy Meals**

Poor nutrition plays a role in at least half of the 10.9 million child deaths each year -- over 5 million deaths. In developing countries, almost one out of every 15 children will die before they reach the age of five.

**Mercy Meals of Southwest Nebraska** is looking for groups and organizations to volunteer for pack events before May 2022. Meals packed are shipped by Orphan Grain Train around the U.S. and the world to help feed hungry children. From our first pack event in 2012 to January 2022, we have packed and shipped 1,754,193 meals.

Any groups or organizations wishing to volunteer for a pack can fill out our sign up form at: [https://tinyurl.com/MMSWN2022](https://tinyurl.com/MMSWN2022) or scan QR:
If you have a picture you would like to submit for the Guess Who, please bring it to Sandhills State Bank and we can make a copy of it for a later issue.

Valentine’s Day is a good time to bake with your kids! Try these simple recipes.

Cinnamon Breakfast Rolls

1 tube refrigerator or crescent rolls  
Soft Margarine  
Cinnamon
Soft Margarine  
Sugar

Unroll the crescent roll dough into a rectangle shape; do not separate rolls. Pinch the dough together on the perforated lines. Spread the rectangle lightly with soft margarine, covering the entire surface. Sprinkle with cinnamon and sugar (as much as desired). Start rolling on the long side of the rectangle and roll dough into 1 long roll. Slice ½-inch slices and place on an ungreased baking pan. Use your hand to press lightly on each roll to slightly flatten. Sprinkle the tops lightly with cinnamon and sugar and bake according to time and temperature called for on the crescent roll package.

Herb Sticks

4 hot dog buns  
½ c. melted margarine  
½ tsp garlic salt  
1 tsp Italian seasoning

Separate each bun into 2 halves and cut each in half lengthwise. Melt the margarine and stir in the garlic salt and Italian seasoning. Dip the bread sticks in the margarine and place on a foil-lined pan. Bake at 300 degrees for 45 to 55 minutes until crisp and light brown. Makes 16 bread sticks. (When dipping the bread sticks, do not allow to soak; just lightly coat and remove from margarine).

January Recap

When we came back to school from Winter break, we had an early release. Then school was cancelled because of the snow the next day and then that Friday we had a late start. Most of the elementary students are involved in basketball. The 3rd and 4th graders have basketball games almost every weekend. They have been doing really well. We had the 100th day of school on January 28th. We also had MAPs testing though the fourth week of January. We were all very happy when it was over but we think we did a great job.

February

How did Valentine’s Day start? Most people think that it came from a Roman festival, Lupercalia. On this day people celebrate by giving out gifts, such as goody bags and candy. Sometimes kids don’t have school on Valentine’s Day. If kids do have school then they have parties and hand out gifts and sweets. There is also a lot of marriage proposals and weddings on this day. Sometimes people put short notes in cards like, “Roses are red, violets are blue, sugar is sweet and so are you.”

Student of the Month

Creighton Frecks is the 3-5 January Student of the Month. He is in the 3rd grade. He always tries his best. Creighton is the student of the month because he’s honest, respectful, and is always positive. He is respectful because he always helps people when they need it. Great job Creighton!

Class Spotlight- 1st Grade

The First Graders are learning to do bar graphs and picture graphs in math, in art they made snowman, and in reading they are learning about Holidays and the U.S. symbols. Some fun things they have done is make slime. They want to color in notebooks all day and do a science experiment (an explosion one). Their teacher is reading Junie B. Jones to them. They really want a party for the 100th day of school. In the morning they do extra math and at home they do extra math to get points. They get points with a behavior chart and they do AR. They want to go the beach, fair, and the candy shop for their field trip. Half of them love reading and half of them love math.
